ENVIRONMENT

News 1: Year 2014 recorded highest anthropogenic carbon release in the past 66 million years

Carbon release rates from anthropogenic sources reached a record high of $\sim 10 \text{ Pg C yr}^{-1}$ in 2014 which is the highest in the past 66 million years. It was revealed in an article in the Nature Geoscience journal.

Such a 'no-analogue' state represents a fundamental challenge in constraining future climate projections. As per the research, current carbon emissions, mainly from burning fossil fuels, are about 10 billion tonnes a year, against 1.1 billion a year spread over 4000 years at the onset of the fast warming 56 million years ago.

US EPA Global GHG emissions 2014
1990-2010

News 2: New Environment Standards for Gensets Notified

The Ministry of Environment, Forest & Climate Change has notified new environment standards for Gensets running on Liquid Petroleum Gas (LPG) / Natural Gas (NG), Diesel with LPG / NG and Petrol with LPG / NG operated in various cities / towns in the country.

The primary aim of the new standards for Gensets is to control air and noise pollution emanating from the operation of Gensets. These standards were recommended by the Central Pollution Control Board (CPCB) after consultations with industries and other stakeholders.

News 3: India's Agasthyamala among 20 World Heritage Sites added by UNESCO

The Agasthyamala Biosphere Reserve was among 20 new sites added by UNESCO in the World Network of Biosphere Reserves bringing the total number of biosphere reserves to 669 sites in 120 countries, including 16 transboundary sites. With the addition of ABR, 10 of the 18 biosphere reserves of India have made it to the list.

Agasthyamala Biosphere Reserve is located in the Western Ghats and is home to 2254 species of higher plants including about 400 that are endemic.

BANKING

News 1: SIDBI to Raise Rs 10,000 Cr. For Stand Up India Fund from RBI

SIDBI Chairman & MD Kshatrapati Shivaji said that the bank will be raising the proposed Rs 10,000-crore corpus for 'Stand Up India Fund' from RBI through the priority sector lending shortfalls. The funds will be disbursed to Dalit and women entrepreneurs.

Sidbi has set up a Rs 1,000 crore 'Make in India Fund' to refinance bank loans to the manufacturing sector. It has also committed Rs 300 crore of the Rs 10,000 crore 'Smile Fund' for small businesses announced earlier this year as part of the Start-Up India initiative

News 2: RBI unravels Rs. 40000 crore additional capital for banks

The Reserve Bank of India (RBI) has revised norms on capital recognition, making available an additional Rs. 40,000 crores to Indian banks.

The new revisions include recognition of revaluation reserves arising from change in the carrying amount of a bank's property consequent upon its revaluation as common equity tier-I capital instead of the earlier tier 2 capital. These would continue to be calculated at a discount of 55%. It will help open up Rs 35,000 crore capital for public sector banks and Rs 5,000 crore for private sector banks.

RBI said banks can recognize foreign currency reserves arising due to translation of financial statements of foreign operations to the reporting currency as common equity Tier-I (CET1) capital. Deferred tax assets arising due to timing differences may also be recognized as CET1 capital up to 10% of a bank's CET1 capital.

News 3: MoU between Indian Army and IndusInd Bank

An MoU was signed between the Indian Army and IndusInd Bank on the Defence Salary Package. The revised MoU is tailor made to suit the requirements of serving soldiers.

The basic features of the MoU includes free / concessional services including free drafts, free cheque books, free RTGS / NEFT and free ATM cards. Some features which have been improved from the previous MoU are that the Personal Accident Insurance cover has been freshly included this year for an amount of Rs 2 lacs (for JCO/OR) to Rs 5 lacs (for Officers) respectively and time period for issue of NOC has now been stipulated as 72 hrs (3 days) from the date of application.

News 4: Second edition of Gyan Sangam held in Gurgaon

The second edition of the Gyan Sangam, a retreat for banks and financial institutions, was held on March 4 and 5 in Gurgaon. The government has said that it has started the third phase of reforms in state-run banks, which will look into all aspects, including consolidation.

The agendas of discussion were: Restructuring and mergers and acquisitions of banks, NPA management and recovery, Technology, digital and financial inclusion, Credit growth, and Risk management.

News 5: 27 Government Banks May Be Merged into Just 6

The Government is planning to merge 27 public sector banks into just six. The view was shared in the recently concluded Gyan Sangam.

An expert committee would be setup to look into the issue and the committee will also work closely with the Banks Board Bureau (BBB) to identify the right matches for consolidation. The finance ministry is already looking into options to merge the newly-launched Bharatiya Mahila Bank with the other PSBs.

News 6: SBI among four foreign banks granted operating licenses by Myanmar

Bank for Investment and Development of Vietnam, State Bank of India, Taiwan's Sun Commercial Bank and South Korea's Shinhan Bank were granted preliminary licenses by the Myanmar's Foreign Bank Licensing Committee. The total number of foreign banks allowed to conduct business in Myanmar is now 13.

The preliminary approval is valid for 12 months and will be converted a full-fledged license upon fulfilling statutory obligations.

News 7: Tata Housing partners with SBI for housing loans

Tata Housing has partnered with State Bank of India for housing loans to women on the occasion of the International Women's Day. Women customers need to pay only 20 per cent of the agreement value while the balance can be paid on taking possession of the property.

On the other hand, SBI will be offering home loans to its women customers at a special interest rate of 9.5 per cent per annum under the SBI Her Ghar scheme and it has also waived the processing fees on the home loan under the scheme.

News 8: YES BANK Launches All-Women 'YES Grace' Branches

YES BANK launched first three All-Women branches in Kalkaji, New Delhi; Vile Parle (E), Mumbai and Cunningham Road, Bangalore on the occasion of International Women's Day. Named YES Grace, the branches will be operated exclusively by women employees, including the support staff.

The YES Grace branch will offer customized banking solutions to the evolving financial needs of women. The bank aims to scale the initiative by opening similar All-Women branches in other major cities.

News 9: ICICI Bank launched a credit-linked subsidy scheme for home loans

ICICI Bank launched a credit-linked subsidy scheme for home loans under Pradhan Mantri Awas Yojana. An individual including women borrowers from the economically weaker section and the low-income group customer will get a subsidy at 6.5 per cent per annum on a maximum amount of Rs 6 lakh or the loan amount, whichever is lower, for a maximum tenure of 15 years to acquire and construct the first brick-and-mortar house of the family by paying significantly lower equated monthly installments (EMIs).

ICICI Bank signed a MoU with National Housing Bank (NHB) to supporting Government's vision to provide housing for all by 2022.

News 10: HDFC Bank Ties Up with 5 Start Ups

HDFC Bank has tied up with 5 start-ups to strengthen their web, mobile and payment offerings. The bank had previously tied up with Chillr, which had raised \$6 million from Sequoia Capital.

The "Five startups" are Sense forth Technologies into AI customer response, Tagpin -a marketing and customer engagement company, Safe 2 Pay-a point of sale-free payment system, Bugclipper-an in-app feedback tool and Taptis Technology- a bio metric payment company.

News 11: YES Bank inked MoU with India Brazil Chamber for strategic cooperation

In view of the next BRICS summit to be held in New Delhi this year, YES Bank has signed a strategic Memorandum of Understanding (MoU) with India Brazil Chamber of Commerce (IBCC) to enable significant cooperation in knowledge partnerships, project consultancy, B2B opportunities, skill and technology initiatives.

The core sectors covered in the MoU will be Sports, Media and Entertainment with special focus on IT, Infrastructure, Broadcast and Innovative solutions driven business opportunities. Moreover, IBCC will also recommend YES BANK as the Preferred Bank to Brazilian companies looking to do business in India.

News 12: ICICI Bank launched “iTap”, a contactless NFC-based mobile payment solution Touch & Pay

ICICI Bank has launched a truly contactless payment system iTap, a new NFC-based (Near Field Communication (NFC) technology) mobile payment system enabling contactless transactions via its Pockets app where the user just has to wave his/her NFC-enabled mobile phone running Android 4.4 and above for making the payment at any merchant terminal supporting NFC.

ICICI Bank will be using the Host Card Emulation (HCE) technology to create 'virtual' cards for 'physical' credit or debit cards. While the virtual card bears a different card number, the credit limit and expiry date remains same as the original physical card. The virtual card resides in the Bank's secure cloud server.

News 13: RBI to Pay Rs 57,000 Cr. In Dividends to Government

The Reserve Bank of India is likely to pay the government Rs 57,000 crore in dividends in 2016-17. It is slightly less than the amount it paid in the current fiscal but much higher than that in earlier years. Last year, the government had received Rs. 73,905 crores as dividends from various state owned banks and the RBI. This fiscal year it has estimated to receive Rs. 69,897 crores.

Under Section 47 of the RBI Act, 1934 the central bank is mandated to pay balance profits to the government.

News 14: SBI claims top slot in mobile banking

SBI has reached the top position in the trendiest mobile banking space. According to data released by RBI, SBI now has 35% market share in mobile banking as its tax payment and fund transfer features drew in more customers. In December 2015, the market share of ICICI Bank was at 17.7% and for HDFC Bank it was 21.5%.

The public sector lender launched two new applications for corporate clients State Bank Anywhere Saral and State Bank Anywhere. SBI Anywhere Saral is for small to medium sized companies, while SBI Anywhere is designed for large corporates.

News 15: 5600 Willful Defaulters Owe Banks Rs. 60,000 Crores

According to a data released by credit information bureau CIBIL, more than 5,600 borrowers owe banks close to Rs 60,000 crore and have been declared willful defaulters by lenders as on December 31. These instances of willful default are those where banks have filed suits.

SBI is owed Rs 12,091 crore, followed by PNB which is owed Rs 9,445 crore by 698 borrowers. Kotak Mahindra Bank with Rs 5,442 crore of loans stuck with wilful defaulters is the highest amount among private sector banks.

Wilful defaults for private sector banks stood at Rs 10,250 crore and at Rs 463 crore for foreign banks.

News 16: The Govt. of India cuts interest rates on PPF, Kisan Vikas Patra and on other small saving schemes

The government slashed interest rates on small-savings schemes, including the Public Provident Fund and Kisan Vikas Patra. The new rates will come into effect on April 1 and will be valid till June 30. The decision is aimed at aligning these administered interest rates closer to the market rates. The rates would be revised every quarter henceforth.

Instrument Type	New Interest	Previous Interest Rate
Public Provident Fund	8.1%	8.7%
Kisan Vikas Patra	7.8%	8.7%
Post office Savings	4%	4%
5-Year National Savings Certificate	8.1%	8.5%
5-Year Monthly Income Account	7.8%	8.4%
Sukanya Samriddhi Account	8.6%	9.2%
5- Year Senior Citizen Savings Scheme	8.6%	9.3%

News 17: IOB becomes the 1st Bank to sell Indian Gold Coins

Indian Overseas Bank (IOB) has become the first bank to start the sale of Indian Gold Coin (IGC) in the domestic market. The bank has tied up with Metals and Minerals Trading Corporation of India (MMTC) for the sale of IGC of 24 carat purity. The IGC has the national emblem "the Ashok Chakra" engraved on one side and the face of Mahatma Gandhi on the other side. The current denominations available in the coins are 5, 10 and 20 gm.

The Indian Gold Coin is the first ever national gold offering by the Center and launched by Prime Minister Narendra Modi on November 5, 2015. This gold coin is minted by the Security Printing and Minting Corporation of India Ltd and hallmarked by the Bureau of Indian Standards.

News 18: Core banking facility available at 25K post offices by April

25,000 post offices will offer core banking solutions (CBS) to its customers by April, against 20,494 CBS-enabled branches. This will enable customers' access their savings account from any of these 25,000 branches. India Post has a network of 1.55 lakh post offices, close to 90% in rural areas, and over 33 crore savings bank customers.

In September 2015, the postal department received an in-principle approval from the Reserve Bank of India to set up a payments bank within 18 months. Even the SBI has 16,333 branches.

News 19: Bajaj Finance eyes life care financing segment

Bajaj Finance is entering the Rs 20,000-crore life care segment introducing Finance options at 0% for treatments such as cosmetic, dental and hair transplant, and hair restoration.

The company has tied up with service providers, including VLCC, Kaya Skin Clinic, MyDentist and Enhance Clinic. It plans to be present in 1,500 sales points across the country by the end of the year. The Pune-based company, expects to net around Rs 1,000 crore in sales over the next five years from this business.

News 20: Federal Bank to support Startups through Incubation Centers

Federal Bank has announced to open incubation centers, named as Launchpad, to support startups in Bangalore and Ernakulum which will offer advice on capital, regulatory support and even disburse funds.

The bank plans to fund or lend promising start-ups through a dedicated start-up fund worth Rs 25 Cr. These would be equipped with fast internet connections, support staff from the financial world and advisory mechanisms.

News 21: Govt plans to infuse Rs. 5,050 crore in public sector banks

The parliament has approved the infusion of additional capital of Rs 5,050 crore in some public sector banks, most likely to Central Bank of India, Indian Bank, UCO Bank, Oriental Bank of Commerce, Vijaya Bank and United Bank of India.

It will be part of the Rs 25,000 crore capital infusion plan earmarked for the current fiscal. PSU banks will get Rs. 25,000 crore this fiscal and also in the next fiscal. Besides, Rs. 10,000 crore each would be infused in 2017-18 and 2018-19.

IMPORTANT DAYS

World Kidney Day (WKD) was observed worldwide on 10 March 2016. The theme was "Kidney Disease & Children - Act Early to Prevent It!" The theme was chosen to explain the important causes of kidney disease in children and ways to prevent it.

World Kidney Day (WKD) is observed every year on the second Thursday in March. This day is a mutual initiative of International Society of Nephrology (ISN) and the International Federation of Kidney Foundations (IFKF). The aim of the day is to raise awareness about the role played by kidneys in maintaining overall health and to reduce the frequency and impact of kidney disease and its associated health problems worldwide.

News 3: UN International Day of Happiness 2016 celebrated on 20th March

The UN International Day of Happiness was celebrated on 20 March 2016. The United Nations appointed Red, the leader of the "Angry Birds" mobile game characters, as an envoy to inspire climate action toward a sustainable and happier future for all.

Since 2013, the UN has annually observed the Day on 20 March as a way to recognize the importance of happiness in the lives of people worldwide. This year's focus is on the relationship between having a healthy planet and happiness.

News 4: World Sparrow Day 2016 observed across the world

The World Sparrow Day was observed around the globe on 20 March 2016. The theme was Rise for the SPARROW-Experience the power of one. The theme has been inspired by the hope that more and more people will celebrate the relationship between People and Sparrows.

It is an international initiative by the Nature Forever Society of India in collaboration with the Eco-Sys Action Foundation (France) and numerous other national and international organizations across the world.

News 5: International Day of Forests observed with theme Forest and Water

The International Day of Forests is observed on March 21, every year to raise awareness of the importance of all types of forests and of trees outside forests.

Theme for 2016: The theme of the 2016 International Day of Forests is "forests and water". To mark the Day, a joint celebration of the International Day of Forests and World Water Day will be held on 21 March 2016. The event entitled "Forests and Water | Sustain Life and Livelihoods" will raise awareness of the interconnections between forests and water and their contributions to the implementation of the 2030 Agenda for Sustainable Development.

News 6: International Day for the Elimination of Racial Discrimination 2016 observed

The United Nations' (UN) International Day for the Elimination of Racial Discrimination was observed on March 21. The theme for this year was Challenges and Achievements of the Durban Declaration and Program of Action.

It creates awareness among people of racial discrimination's negative consequences. It also encourages people to remember their obligation and determination to combat racial discrimination.

News 7: Earth Hour 2016 observed all around the globe

The 10th edition of the Earth Hour was observed in a record 178 countries on 19 March 2016 by switching off lights in solidarity with global efforts to change climate change from 8:30 pm to 9:30 pm local time.

The specific theme for India was to encourage usage of solar energy by individuals and organizations.

News 8: World Water Day 2016 celebrated with the theme Water and Jobs

World Water Day is celebrated on March 22 every year. The day highlights the importance of freshwater and promotes sustainable management of freshwater resources.

The theme of 2016 World Water Day is "Better water, better jobs". It aims to highlight how water can create paid and decent work while contributing to a greener economy and sustainable development.

News 9: World Meteorological Day 2016 observed

The World Meteorological Day (WMD) 2016 is observed every year on 23 March. The theme for the WMD 2016 was Hotter, Drier, Wetter. Face the Future.

The Secretary-General of the World Meteorological Organization (WMO), Mr Petteri Taalas pointed out that, without urgent action to cut emissions, the trend of increasing temperatures and the frequency and intensity of extreme events will accelerate.

News 10: World Tuberculosis Day 2016 observed

World Tuberculosis Day (WTD), an annual event, which aims to raise public awareness of tuberculosis and the efforts made to prevent and treat this disease, was observed on 24th March all around the globe. The theme was Unite to End TB.

It is one of eight official global public health campaigns marked by the World Health Organization (WHO).

INTERNATIONAL

News 1: Japan lays down new plan to achieve 80% emission cut by 2050

The Japanese government will stipulate a long-term goal of cutting greenhouse gas emissions by 80% by 2050 from the current levels. This move follows a new international climate agreement reached in Paris in December 2015.

The plan is likely to be approved by the cabinet before Japan hosts the Group of Seven (G7) summit in May. Under this plan, the Japanese Government will seek to introduce more renewable sources, while also aiming to have all households shift to more energy efficient LED Lights by 2030.

News 2: South Korea passes Anti-Terror Bill

The controversial anti-terror law of South Korea was passed by the parliament. 159 parliament members voted for the bill, while 1 voted against it. Opposition lawmakers made non-stop speeches to delay the vote on the country's first anti-terror bill from February 23.

This bill allows the spy agency to collect a wide range of personal data including phone records of those suspected of posing a security threat and also allows the National Intelligence Service (NIS) to have Internet posts deleted if it deems they pose a threat to public security.

News 3: Emergency declared in Peru after oil spill hits rivers

An emergency was declared three weeks after a major oil pipeline burst in Peru. The pipeline burst spilled more than a whopping 3000 barrels of crude oil into the Chiriaco and Morona rivers.

The government has instructed the indigenous communities not to eat fish from the polluted waters as it can be hazardous. This has been the third oil spill in less than a month in this region.

News 4: World's Costliest Train Station Opened at 9/11 Site in New York

The most expensive train station in the world was opened at the World Trade Center site in New York. There was no official announcement to mark the 3pm opening to the rail commuters. Initially budgeted at \$2 billion, it has spiraled to \$3.85 billion.

This center connects the PATH commuter rail to New Jersey with New York subway lines, provides indoor pedestrian access to the Trade Center towers and will also house an enormous shopping and restaurant plaza. This building is designed by Spanish-Swiss architect Santiago Calatrava and is called Oculus.

News 5: South Korea and US starts their largest ever military exercise

South Korean and U.S. troops began their 8-week long large scale military exercises off the coast of the Korean peninsula involving about 17,000 American troops and more than 300,000 South Koreans.

North Korea has warned South Korea and US of nuclear strikes if the two allies go further with the drills. The annual exercises have traditionally led to a ratcheting up of tensions with Seoul's northern neighbor.

The last several months have been particularly contentious, after North Korea claimed to have tested its first hydrogen bomb and fired a satellite into orbit.

News 6: Iran Successfully Test-Fired Several Ballistic Missiles During Their Military Drill

Iran's Revolutionary Guards (IRGC) has launched several ballistic missiles as part of a military exercise. The missiles had a range of 300 kms to 2000 kms. These tests were conducted to showcase the country's preventive power and its skill to challenge any threat against the state and the sovereignty of the country.

These missiles launched from silos in several locations across the country also demonstrated Iran's deterrence power and its readiness to confront threats. Iran claims to already have surface-to-surface missiles with a range of 2000 kms, which are capable of striking Israel and US military bases in the Middle East.

News 7: Arab League brands Lebanese movement “Hezbollah” a terrorist group

The Arab League has declared the Lebanese Shia political organization “Hezbollah”, a terrorist group after the Gulf Cooperation Council (GCC) had also declared Hezbollah a terrorist group.

The Arab League, dominated by Sunni Muslim countries, said the decision had been near unanimous. Hezbollah is a key political and military force in Lebanon, and is involved in the conflict in Syria. Its support for President Bashar al-Assad has long pitted it against Gulf states backing rebels.

News 8: The 13th meeting of Broadband Commission for Sustainable Development conducted in Dubai

The 13th meeting of Broadband Commission for Sustainable Development was held in Dubai. The meeting reached consensus on the need for a new set of connectivity targets to help governments more effectively harness broadband networks and services to drive progress towards the 17 Sustainable Development Goals. About 57% of the world’s population are still offline and unable to take advantage of the enormous economic and social benefits the Internet can offer.

Established in 2010, as a top-level advocacy body promoting broadband as an accelerator of global development, the Broadband Commission is chaired by President Paul Kagame of Rwanda and Mexico’s Carlos Slim Helú.

News 9: The 4th World Congress of Biosphere Reserves inaugurated at Lima, Peru.

The 4th World Congress of Biosphere Reserves was inaugurated on 14 March 2016 at Lima in Peru. This event was held from 14 March to 17 March 2016. The Congress will address issues related to the Sustainable Development Goals (SDGs) and the Post-2015 Development Agenda, such as education for sustainable development, the economic viability of nature conservation systems, biodiversity, and the protection and sustainable use of natural resources, among others.

News 10: The 59th Commission on Narcotic Drugs took place from 14-22 March 2016 in Vienna

The 59th Session of Commission on Narcotic Drugs (CND) was inaugurated on the 14th March 2016 in Vienna, Austria. This commission meets every year to discuss the global state of drug control and to adopt resolutions to guide the way forward. Around 1500 delegates representing Member States, inter-governmental organizations, and civil society will be participating in the session.

During this session, the Commission will discuss 10 draft resolutions and hold 74 side events and over 25 exhibitions. Among other things, the session's work includes preparations for the UN General Assembly Special Session on the World Drug Problem, which is to be held in April 2016.

News 11: Mother Teresa to be granted Sainthood on September 4

Pope Francis announced that Mother Teresa will be granted sainthood of the Roman Catholic Church on the 4th September 2016.

The Nobel Laureate founded the Missionaries of Charity and spent close to 45 years serving the poor, the sick, the orphaned, and the dying on the streets of Kolkata. She died at the age of 87 in Kolkata in year 1997. She was known as the saint of the gutters.

News 12: Mauritania becomes second African country to ratify 2014 Protocol to the Forced Labour Convention

Mauritania has ratified the 2014 Protocol to the Forced Labour Convention, 1930, reinforcing thereby the global movement against forced labor in all its forms, including human trafficking.

Mauritania follows Niger, Norway and the United Kingdom. The protocol requires States to take effective measures for prevention of forced labor, protection of victims and ensuring their access to justice and compensation. The ILO estimates that 21 million people are victims of forced labor worldwide, generating approximately US\$ 150 billion in illicit profits annually.

News 13: Malawi tests first unmanned aerial vehicle flights for HIV early infant diagnosis

The Government of Malawi and UNICEF have started testing the use of Unmanned Aerial Vehicles (UAVs or drones) to explore cost effective ways of reducing waiting times for HIV testing of infants.

The test, which is using simulated samples, will have the potential to cut waiting times dramatically, and if successful, will be integrated into the health system alongside others mechanisms such as road transport and SMS.

The first successful test flight completed the 10 km route unhindered travelling from a community health centre to the Kamuzu Central Hospital laboratory.

News 14: My Biosphere, My Future campaign: Launched by UNESCO in Lima

My Biosphere, My Future campaign was launched by UNESCO at the 4th World Congress of Biosphere Reserves in Lima, Peru for sustainable development through different projects.

The biodiversity hotspot, Oxapampa – Ashaninka – Yanasha biosphere reserve in the Amazon is being disturbed by the human activities like deforestation and overfishing of endangering local species of tropical fish.

This campaign will help to address the problems of the biosphere in the Amazon belt and improve the income and quality of life through various projects.

News 15: Myanmar Parliament elected Htin Kyaw as the first civilian President in 53 years

Myanmar's parliament, the Hluttaw, has chosen Htin Kyaw as the country's new president. This brought end to a decade close of military rule. Kyaw will replace Thein Sein who will step down at the end of March 2016.

He was elected with 360 of the total 652 votes casted. The two other candidates put forward, Khin Aung Myint and Henry Van Thio, by the army and the upper house, will act as first and second vice president, respectively.

News 16: TCS named official technology partner for Virgin Money London Marathon

The IT Major Tata Consultancy Services through a press release has announced it has been named as the official technology partner of Virgin Money London Marathon for three years – 2016, 2017 and 2018.

The partnership with Virgin Money London Marathon would help them to enhance the digital experience delivered to marathon participants by giving them wealth of data and insight to help and guide their preparation and also to boost their performance.

The Virgin Money London Marathon is an annual long-distance running event held in London, United Kingdom. The event holds the Guinness world record as the largest annual fund raising event in the world.

News 17: Russia’s own Rating Firm – ACRA aims at breaking monopoly

Russia’s own new national credit-ratings firm Analytical Credit Rating Agency (ACRA), seen as a domestic competitor to global ratings agencies, plans to issue its first ratings this year.

The “Big Three” global credit rating agencies, all based in the US – Standard and Poor’s, Moody’s, and Fitch Ratings announced to officially stop issuing local credit ratings for Russian companies. The CEO of ACRA is Ekaterina Trofimova.

News 18: Obama starts for a historic Cuba visit

The US President Barack Obama boarded on a historic trip to Cuba. The three-day trip – the first by a US president in 88 years – was unthinkable until Obama and the Cuban President Raul Castro agreed in December 2014 to re-establish diplomatic ties.

The president Obama has gone along with his wife Michelle and their two daughters Sasha and Malia. As the Air Force One touched down in Havana, the US president cheerfully began the landmark trip by tweeting in local slang: "Que bola Cuba?" - or "What's up Cuba?"

News 19: Prince Harry Begins a 5-day Trip to Nepal

Britain's Prince Harry began a 5-day official trip to Nepal on the 19th March. He reached Kathmandu to mark the 200th anniversary of their bilateral ties. Prince Harry is leading a 30-member delegation. He met the Nepalese Prime Minister KP Sharma Oli and discussed Nepal-Britain bilateral co-operation.

Prince Harry is the first British royal to visit Nepal since the monarchy was abolished in 2008 following street protests. During his trip, Harry will tour areas hit by last year's devastating earthquake and visit a camp for displaced quake survivors.

News 20: Nepal joined the Shanghai Cooperation Organization as Dialogue Partner

Nepal joined the Shanghai Cooperation Organization (SCO) as their Dialogue Partner after a memorandum was signed during the Nepalese Prime Minister KP Sharma Oli's visit to China.

Azerbaijan also officially became a SCO dialogue partner on 21 March 2016. The SCO currently has six member states - China, Russia, Kazakhstan, Tajikistan, Kyrgyzstan and Uzbekistan, with Afghanistan, India, Iran, Mongolia and Pakistan as observers, and Belarus, Turkey and Sri Lanka as dialogue partners.

News 21: Ali Mohamed Shein wins Presidential Elections of Zanzibar

The Zanzibar Electoral Commission (ZEC) has declared the incumbent President Ali Mohamed Shein of Chama Cha Mapinduzi (CCM) as winner of the presidential elections. He won with 91.4% of the votes. Fifteen European and US diplomats, however, issued a joint statement regretting the weekend vote, which was boycotted by the opposition.

Zanzibar is a semi-autonomous region of Tanzania and has its own president and parliament.

News 22: Brussels: Islamic State attacks airport and stations; 31 killed

Brussels, the capital city of Belgium, came under terrorist attacks when a series of explosions took place at the Zaventem Airport and Maalbeek metro station killing at least 31 people and injuring more than 200. The Islamic State has taken the responsibility of the attacks.

Three days of national mourning have been declared in Belgium. Investigators believe they were carried out by the same cell behind November's gun and bomb attacks in Paris.

News 23: OECD released Standardized e-format for Exchange of BEPS Country-by-Country reports

The Organization for Economic Cooperation and Development (OECD) released its standardized electronic format for the exchange of Country-by-Country (CbC) reports between jurisdictions, CbC XML Schema – along with the related user guide.

The move is part of larger efforts, agreed upon by G-20 countries to clamp down on activities that leads to Base Erosion and Profit Shifting (BEPS). The first exchanges of CbC reports will start in 2018, with information on the year 2016.

News 24: The 9th International Abilympics started in France

The 9th International Abilympics started on 23rd March 2016 at Bordeaux in France. The name Abilympics comes from the idea of organizing a competition to promote the skills of persons with disabilities. It combines Abilities with the idea of the Olympics.

The International Abilympics Federation (IAF) aims at promoting the skills competition for persons with disabilities in its international dimension. The International Abilympics are held every four years. The others countries which hosted the Abilympics are Australia in 1995, Czech Republic in 2000, India in 2003, Japan in 2007 and Korea in 2011.

News 25: US Congress introduces legislation to help India join APEC

The Chairman of the House Sub-committee on Asia and the Pacific, Matt Salmon along with few other influential lawmakers introduced a Bill in the Congress asking the US administration to help India join the Asia Pacific Economic Cooperation (APEC) saying an economically prosperous India benefits the US' strategic goals in Asia.

The Singapore headquartered APEC is a forum for 21 economies to promote free trade throughout the Asia-Pacific region.

News 26: US House introduces resolution to bring India on par with NATO allies

A Congressional resolution was introduced in the United States House aiming to bring India on par with America's NATO (North Atlantic Treaty Organization) allies.

This was introduced by the Congressman George Holding, who is the Co-Chairman of the House India Caucus, the US-India Defense Technology and Partnership Act (HR 4825), the resolution also seeks to elevate India's status in export of defence articles from the US.

News 27: Bosnian Serb leader Radovan Karadzic sentenced to 40-year imprisonment on account of Genocide

The International Criminal Tribunal for the former Yugoslavia (ICTY) found former Bosnian Serb leader Radovan Karadzic guilty of the 1995 Srebrenica genocide and nine other war crimes. The court, hence, sentenced him to a 40-year imprisonment.

As per the ruling, Karadzic was found guilty of 10 out of 11 charges related to genocide, crimes against humanity and war crime charges. However, he was acquitted of a second count of genocide in other Bosnian towns.

News 28: Iran signed contract with France's Oil Giant, Total

Iran has inked a confidential oil agreement with French oil giant, Total, to develop the South Azadegan oil field shared by Iran and Iraq, which also holds an in-situ oil reserve of about 33.2 billion barrels.

Iran and the oil giant, have agreed to keep the articles of the accord confidential, and the French firm is now "studying its participation in the development of the oil field," Zangeneh was quoted as saying by Press TV.

News 29: Pakistan and Iran agree to boost economic ties

Iran and Pakistan have mutually agreed to improve economic ties. The two countries also agreed to open two more border crossings to increase trade.

The agreement was reached when the Iranian President Hassan Rouhani met the Pakistani Prime Minister Nawaz Sharif during his two-day official visit to Pakistan. The two leaders also discussed about cooperation in the fields of energy, anti-terrorism fights, sea-trade and other such critical areas.

News 30: World Bank approved \$100 million loan to Jordan for creating jobs for Jordanians, Syrian refugees

The World Bank President Jim Yong Kim announced to provide 100 million US dollars' loan, at rates usually reserved for the poorest countries, to Jordan for creating one lakh jobs for Jordanians and Syrian refugees.

The World Bank extended the highly unusual financing offer because of the extraordinarily difficult situation faced by both the refugees and their Jordanian hosts. The announcement was made during a joint visit by Kim and United Nations Secretary General Ban Ki-moon.

News 31: Singapore Test Fires Barak Missile

Singapore successfully test-fired its Barak Missile. The missile was test-fired from its Victory-class missile corvette RSS Vigour during a fleet exercise conducted in the South China Sea.

Singapore's Minister for Defence Dr. Ng Eng Hen was briefed by Colonel Edwin Leong, Commanding Officer of the RSN's Missile Corvette Squadron, on the conduct of the exercise and the capabilities of the missile corvette, the defense ministry said in a press statement today.

News 32: Syrian Army recaptured Palmyra city from the Islamic State

Palmyra was in the news on 26th March 2016 as the Syrian Army recaptured the historic city from Islamic State (IS) terror group Russian Aerospace Forces.

The loss of is a big setback for the Islamic State. The Islamic State militants retreating from Palmyra laid thousands of mines which the Syrian army is now clearing before civilians can return. The Islamic State still has complete control over Raqqa and runs most of Deir al-Zor province in eastern Syria, which borders Iraq.

News 33: First Cyber Security Organization launched by China

China launched its first cyber security public organization, Cyber Security Association of China. It is aimed at safeguarding national cyber security and guiding Internet companies to perform their duties. China had launched its first special fund for cyber security with an initial capital of 300 million yuan (\$46 million) in order to become a strong internet power.

This organization will focus on promoting self-discipline in the industry, accelerating the establishment of industry standards and cybersecurity studies and participating in international cooperation.

News 34: UNICEF launches “Unfairy Tales” of refugee and migrant children

The United Nations Children's Emergency Fund (UNICEF) launched a series of animated films called 'Unfairy Tales'. These animated films are the true stories of the plight of children from the conflict areas, which explain the horror behind why they had to flee. The three animated films are: i) "Ivine and the Pillow" ii) "Malak and the Boat" and iii) Mustafa. These tales are a part of the #actofhumanity initiative.

News 35: US museum returned ancient Rama statue to Cambodia

The Denver Museum of Art of United States returned a 10th century sandstone statue of God Rama stolen from Cambodia. The statue called the "Torso of Rama" does not have head, arms and feet.

The museum said it itself realized that the Khmer-era statue was looted from the Koh Ker temple near the famous Angkor Wat complex in the 70s decade after the recent discussions with Cambodia.

News 36: First company listing done in Myanmar

Myanmar's Yangon Stock Exchange opened for its first day of business, with the trading of a single company, First Myanmar Investment Co. The shares of First Myanmar rose by 19%. The move comes as the country's development accelerates with a democratic government being formed after an election victory in November, part of a political and economic transformation that's bringing an end to more than five decades of isolation.

First Myanmar, Myanmar Citizens Bank and Myanmar Thilawa SEZ are among the initial batch of six companies approved for listing.

News 8: CIMAP Scientists claim Mint plant can be used in anti-cancer drugs

Scientists at CSIR-Central Institute of Medicinal and Aromatic Plants (CIMAP) have found that a medicinal compound called 'L-Menthol' derived from Mentha plant or mint plant has medicinal values that can cure cancer.

The study was published recently in the international journal, 'OMICS: A Journal of Integrative Biology'. Its production is cost-effective and easily available in comparison to anti-cancer compound used at present obtained from the bark of European Yew tree.

News 9: Microsoft shuts Artificial Intelligence Robot – Tay

Microsoft, which launched artificial intelligence (AI) powered Chatbot, Tay, on Twitter for a playful chat with people, only to silence it within 24 hours as users started sharing racist and offensive comments with the chatbot.

Tay — an AI project built by the Microsoft Technology and Research and Bing teams — was coded with information which can tell users' jokes or offer up a comment on a picture you send her.

News 10: China launched their 22nd BeiDou Navigation Satellite System

China launched its 22nd satellite for its BeiDou Navigation Satellite System (BDS) to support its global navigation and positioning network from the Xichang Satellite Launch Center in the southwestern province of Sichuan. The satellite was taken into orbit by a Long March-3A carrier rocket.

The BeiDou system will be completed in 2020 and will comprise over 30 satellites.

News 11: ISRO to launch 22 satellites on one rocket

Indian Space Research Organization (ISRO) is set to launch a record number of 22 satellites in a single mission in May 2016 with the help of Polar Satellite Launch Vehicle, PSLV C34.

The satellites to be launched include Cartosat 2C along with four micro-satellites weighing 85 to 130 kg each and 17 nano-satellites weighing 4 to 30 kg. 18 of these satellites are being launched for foreign agencies including the United States, Canada, Germany and Indonesia.

GIANT LEAP

- PSLV C34 rocket to carry 22 satellites into orbit
- 18 satellites for foreign agencies

SATELLITES

- Indian remote sensing satellite Cartosat 2C
- 4 four micro-satellites weighing 85 to 130 kg each
- 17 nano-satellites weighing 4 to 30 kg

The injection of so many satellites into orbit increases the complexity of the mission many fold."

K. Sivan, VSSC Director
